## BRACELETS SIZE GUIDE

To find your bracelet size, print this guide on an A4 size sheet of paper on a scale of 100%. To make sure you have printed it correctly, place a credit card on the line below. The scale is correct if the credit card and the line are the same length.

### Measure your wrist with the graduated ruler:

- Cut out the ruler and an opening as indicated, following the dotted line.
- Roll the strip around your wrist with the graduated side visible.
- Pass the graduated end through the slit you have cut and pull it until the ruler is flat against your wrist, without squeezing.
- Read the number that aligns with the edge of the slit and corresponds to your wrist size in millimeters.
- You may also use a measuring tape, or else a piece of ribbon (roll it around your wrist and measure the length with a ruler).

If you are hesitating or if your perfect size falls between two measurements, we recommend that you choose the smaller size.

Find your bracelet size under here :

SIZE	WRIST CIRCUMFERENCE	
EXTRA SMALL	135-149 mm	5.31-5.87"
SMALL	150-165 mm	5.91-6.50"
LARGE	166-180 mm	6.54-7.08"
EXTRA LARGE	181-195 mm	7.09-7.68"

Please note that the Lalique size guide is merely an indication and cannot provide exact measurements.
